Ethernet Technology Summit - Veryx Showcases Pktblaster Sdn Solution For Benchmarking The Sdn Networks

Description

Apr 29, 2014 - May 1, 2014
Venue: Santa Clara Convention Center
Location: Santa Clara, Ca

Veryx Showcases Its Pktblaster Sdn Solution Which Emulates A Data Plane For Thousands Of Nodes, Thus Significantly Reducing The Need For Large Scale Physical Network Infrastructure For Testing. It Provides Tremendous Value To Equipment Vendors, Service Providers And Enterprises In Benchmarking Sdn Controllers And Switches, Before Deployment. Read More Here.
