

Veryx receives Frost & Sullivan Best Practices Award

Description

Veryx Recognized With Best Practices Award For 2014 Global Carrier Ethernet Testing Customer Value Leadership By Frost & Sullivan

Veryx Samtest's Ability To Drastically Reduce The Time And Effort Required To Manage Carrier Ethernet Circuits While At The Same Time Ensure Integrity Of Circuits For Customers, Is The Key Value Proposition.

Philadelphia, Usa — July 31, 2014 — Veryx Technologies, A Provider Of Innovative Test And Measurement Solutions For Networking Technologies Today Announced That It Is The Recipient Of The Frost & Sullivan 2014 Global Award For Customer Value Leadership In Carrier Ethernet Testing. The Prestigious Recognition Is A Result Of Extensive And Independent Analysis Of Veryx's Abilities To Deliver A High-Quality Customer Experience With Its Comprehensive Carrier Ethernet Testing Solution.

"With Samtest, Veryx Has Been Able To Drastically Reduce The Time And Effort Required To Manage Ethernet Circuits," Said Frost & Sullivan Sr. Research Analyst, Olga Shapiro. "With A Return On Investment (Roi) Period Of Approximately 3 Months, The Samtest Solution Has Proved To Reduce Customer Time And Efforts In Managing Ethernet Circuits By Almost 80%." Noted Shapiro, Frost & Sullivan. "Further To Its Objective Of Developing Innovative Products, The Company Encourages A Strong Customer-Focused Work Culture And This Has Enabled It To Offer World-Class Customer Support Services, Which, In Turn, Has Significantly Contributed To The High Loyalty Enjoyed By The Company Across Its Global Customer Base" She

Added.

"We Are Honored To Receive The Frost & Sullivan's Global Best Practices Award" Said David Charlu, Ceo

Of Veryx Technologies. It Affirms That Veryx's Focus On Innovation, Testing Efficiency And Strong Technical Support, Delivers Enhanced Customer Value. We Are Pleased That Our Focus On Offering Samtest As The Most Comprehensive Carrier Ethernet Testing Solution Fully Aligned With Mef Ce 2.0, Has Resulted In Our Customers Being Able To Gain Outstanding Efficiencies".

With Continuing Demand For Carrier Ethernet, Service Providers Who Are Preparing To Offer Mef Ce 2.0 Based Services Such As Business Services And Mobile Backhaul, Could Gain Clear Competitive Benefits With Veryx Samtest. It Provides A Comprehensive Combination Of Tests That Cover Itu-T Y.1564, Mef Ce 2.0 And Service-Oam (Itu-T Y.1731), For Quick And Thorough Verification Of Carrier Ethernet Services For Retail And Wholesale Environments.
